Please provide feedback that will allow me to determine how the course is going so far and also make changes to improve your learning experience. No names please. Thank you.

1. Homework has increased my understanding of course concepts?
   Never 1---2---3---4---5 Always
   Nope 1---2---3---4---5 Absolutely
   Poorly 1---2---3---4---5 Very Well
   Too Fast 1---2---3---4---5 Too Slow
   Never 1---2---3---4---5 Usually
   Not Well 1---2---3---4---5 Very Well
   Not Well 1---2---3---4---5 Very Well

2. Weekly quizzes help me keep up with the material?

3. How well is your team functioning so far?

4. The pace of the course is...

5. In-class small group work helps me learn?

6. How well do you understand the concept of validity?
   Not Well 1---2---3---4---5 Very Well

7. How well do you understand the concept of reliability?
   Not Well 1---2---3---4---5 Very Well

8. What is the **best part** of the class so far?

   Find out what is working and what isn't working. What should you keep doing and what should you stop doing?

9. What is the **least useful** part of the course so far?

10. What would you **change** to make the course even better?

   Give plenty of room for their answers. The form is meant to be completed by students, not you.

   Thank them again! They are helping you. Really, they are.

   Thank you for your feedback!
