Overview of Search Procedures for Faculty Positions

1. First Search Committee Meeting
The following outline can be used to start an agenda for the meeting:

☐ Review Office of Diversity search documents (each opens in new window):
  – Interview Questions and Pre-Employment Inquiries
  – Non Discrimination Statement
  - Questions related to the online DiversityEdu training?

☐ A WORD ABOUT CONFIDENTIALITY
  • Search process is confidential
  • Maintain confidentiality before, during, and after the search of all candidate information and deliberations.
  • Candidate information should not be shared
  • Finalist information should not be shared
  • Reference checks must be done with guidance from Search Chair/Department Head
  • For searches where there are internal applicants, the search committee must take extra care to NOT discuss any aspects of the search in front of internal applicants. The department must also take care when scheduling interviews to ensure the confidentiality of finalists.

Planning Your Search

☐ Search Process Best Practices
  • Free of bias or stereotyping or applicants in verbal or written communication
  • Candidates must be evaluated fairly
  • Search Committee discussions need to focus on the materials submitted (resumes, references, etc), interviews, and comments from individuals that also met with the finalists. Personal information on any applicant must be kept out of the search committee discussions.
  • Campus visit provides similar opportunities for each finalist
  • Interview procedures treat finalists consistently

☐ Your search will need to document the good faith efforts that were addressed during the search. Here are some examples which will help your committee formulate a plan best suited for your search:
  • Reviewed Affirmative Action Placement Goals for Position
  • Reviewed Diversity of Applicant Pool Report
  • Reviewed Diversity of Finalist Pool Report
  • Recruited at professional conferences that target underrepresented professionals
  • Called or sent the position announcement to professional organizations focusing on underrepresented individuals
  • Engaged local and regional networks of people in related fields at corporations/businesses to suggest potential candidates
  • Mailed/emailed vacancy notices to graduate departments, professional journals, and/or newsletters
  • Sent position announcement and/or requested nominations from departments in:
    Historically Black Colleges and Universities (HBCUs)
    Hispanic Serving Institutions
    American Indian Serving Institutions
    Asian serving Institutions
  • Good faith efforts that are not listed above

☐ Discuss Advertising Sources.

Required Advertising Sources for National Searches
1. U of I Job Board: Posted automatically

2. HigherEd Jobs and Affirmative Action Email: Posted automatically and your unit is billed directly.

3. Illinois Diversity: posted automatically by ODEA. Departments do not need to upload this advertisement to the Activity Tab in HireTouch.

4. Abilitylinks.org: Unit must post to the website. AbilityLinks is a free nationwide job opportunity website for persons with disabilities and inclusive employers.

5. CIC Doctoral Directory: Unit must review the website. To begin the review, click the Search the Database link at the bottom of the page. Search Chair should contact potential candidates (could be by email) to share the job posting. Additional instructions will be sent by ODEA to the search committee chair.

6. The Diversifying Higher Education Faculty in Illinois Program: Unit must review the website. Search Chair should contact potential candidates (could be by email) to share the job posting.

7. The Registry: Unit must review the website. Search Chair should contact potential candidates (could be by email) to share the job posting. (For user name and password contact Amy Elli)

8. South Regional Education Board DSP Scholar Directory: Unit must review the website. Search Chair should contact potential candidates (could be by email) to share the job posting. (For user name and password contact Amy Elli)

9. National Professional Journal: If you should hire an international person for the position, you will most likely sponsor him/her for a green card. In order to be prepared for that possibility, please note that at least one ad for the position needs to be posted in a national professional journal, either in print OR electronic ad posted for 30 days. Without an ad you may end up having to re-advertise during the green card process. The Chronicle of Higher Education meets Department of Labor requirements for print or online advertising. Specific Dept of Labor criteria is located on the LAS website.

10. Review the approved Search Form for all additional sources that your unit identified as sources it will use. Will sources already identified be effective in soliciting and recruiting a qualified and diverse pool of applicants? Should additional sources be used?

Planning for the review of Applicants

☐ Discuss and set applicant screening criteria. Establish criteria BEFORE review of ANY APPLICATIONS
  • Required and preferred qualifications from the ad must be used as the screening criteria
  • If a degree area states “or related field” discuss and define what areas are related
  • Applicants must meet all required criteria to move forward in the search process

☐ Discuss letters of reference
Overview of Search Procedures for Faculty Positions

- Search committee must have a consistent plan concerning letters of reference
  - All must be in for review of application? (Date may have been specified in the ad)
  - All must be in to select applicant for next level of review?
  - Other?
- Whatever plan is selected, the search committee must be consistent for all applicants at each stage of the process.
- Evaluation of letters - strength of letters especially as related to applicant screening criteria
- Please note - Search Committee members cannot be references for any applicants.
- Review the LAS Hiring site - Letters of Reference - using HT for collection for information on using HT to collect reference letters.

☐ Discuss late applications
If your ad will remain on jobs.illinois.edu past the advertised deadline date the search committee will need to discuss the following three options:

- Not review any late applications after the deadline. Begin the review of on time and complete applications. If the on time and complete applications do not yield a strong pool, your committee can decide to then look at late applications. See point 2 below for further information on reviewing late applications.
- Review on time and late applications from the beginning of review period. Appoint a member of the search committee to work with the staff member to monitor applications received after the deadline date. Notify the search committee when new (late) applications have been submitted. The committee will need to review all late applications received prior to a decision to make an offer.
- Remove the posting from the job board at midnight of the deadline date. Late applications could not be submitted.

☐ Establish timeline for search process
☐ Begin Discussion of the Interview Process - See section 5 for items to discuss.

2. Committee Review of Applications

☐ Review the Diversity of the Pool Report. This report will be sent to the Search Chair and Diversity Advocate via email the day after the deadline

☐ Review applications using the established initial criteria

☐ Keep in mind information from the Office of Diversity on reviewing applications:
  - Be mindful of unconscious bias as you review candidate names, experiences, educational institutions, etc.
  - Evaluate each candidate’s entire application; don’t depend too heavily on only one element such as letters of recommendation, or the “prestige” of the degree granting institution or post-doctoral program.
  - Don’t automatically eliminate candidates without preferred qualifications.
  - Be able to defend every decision for eliminating or advancing a candidate.
  - Spend sufficient time (at least 20 minutes) evaluating each applicant.

3. Screening/Phone Interviews (optional)
If the Search Committee conducts screening/phone interviews in order to determine a set of on campus finalists, document the criteria for evaluating these interviews. Please document why applicants involved in the screening/phone interviews were not chosen as on campus finalists. Add this information to the Summary Narrative.

4. Selection of Finalists
After on campus finalists are chosen, provide the information below to the Unit Contact so she/he can submit the Finalist Notification Form (FNF) as soon as possible. The department can invite finalists while Finalist Notification Form is being completed, but we ask that the FNF be fully approved **BEFORE** any campus visit begins. The form approval page defaults to ODEA, but please change the approver to **Elli, Amy**.

**Document and Submit:**
- □ Applicant Screening criteria (used to review applications; code as Application Evaluation Criteria)
- □ Copies of all ads placed (as they appeared in each source; code as Advertisement)
- □ Update Status Codes for all applicants
- □ Interview Questions and Criteria (we strongly encourage all units to have these two items established early in the process; code as Finalist Interview Questions; Finalist Interview Criteria)
- □ A Yes/No answer to the following: Did the Search Com and Diversity Advocate review and discuss the Diversity of Pool Report?
- □ If only 1 finalist, please explain

**Status Codes to choose for applicants:**

□ Discuss if regret emails should be sent to applicants who have not been selected to move forward at this time. If a group of applicants could possibly be considered if the on-campus finalists do not yield a strong pool, it is best to wait to contact them. If there are groups that would not be considered for the position, it is best to contact them at this time. Regret emails should be sent via HT. See the HT Resources tab- Email Correspondence for instructions.

5. Interview Process
Please ensure that the following are established before any interviews begin:
Overview of Search Procedures for Faculty Positions

- Interview Review Criteria - used to evaluate each on campus interview

Interview Review Criteria will normally be based on a more in depth review of the Initial Screening Criteria including items that could not be assessed on paper or reference letters. Examples from various searches in the recent past can be found via the LAS Faculty Search Info Box folder: https://uofi.box.com/s/q5b9hlco8fdsc4r5582wqz4q6wf3uiml

- Basic set of Interview Questions

Candidates should be asked similar questions, thereby allowing comparative judgments to be made while ensuring that crucial job-related information is obtained. These questions are asked by the search committee to each on campus finalist. Examples can be found via the LAS Faculty Search Info Box folder: https://uofi.box.com/s/q5b9hlco8fdsc4r5582wqz4q6wf3uiml

Additional questions do not need to be documented:
  - Follow-up questions
  - Questions specific to a certain aspect of a finalist’s vita (i.e. specific research question)

- Interview schedule

All interviews should, barring unique circumstances, be conducted under reasonably similar circumstances, and all candidates should be given similar opportunities to meet the same set of colleagues.

All individuals interviewing the finalists should review the following:
  - Position Announcement
  - Finalist’s Vita
  - Interview Questions and Pre-Employment Inquiries

- Certify the oral English proficiency of non-native English speakers

State law that requires that the University certify the oral English proficiency of non-native English speakers who have classroom instruction responsibilities. Assessment and certification of oral English proficiency is a long-standing responsibility that is set forth in Provost Communication No. 3. Search committees for faculty hires will need to be aware of this responsibility to assess and certify that individuals recommended for hire into classroom instruction positions are proficient in speaking English. Assessment should occur as part the search process, for instance, through one-on-one interactions, committee interviews, job talks, etc. This review is necessary to ensure compliance with state law and by external audit findings. The University of Illinois is an equal opportunity employer and does not discriminate on the basis of race, color, ethnicity, gender or disability.

6. Search Committee provides recommendation to Executive Officer

The search chair should write the Summary Narrative outlining the search committee’s recommendation and send to the Executive Officer. The recommendation may end with a ranked list or only include the overview of each finalist. The Executive Officer should provide guidance on what they expect to receive. The Narrative must include the following:
  - Good Faith Efforts addressed for the Search
  - Interview Review Criteria
  - Basic Interview Questions
Overview of Search Procedures for Faculty Positions
